## ABOUT US

Established in 1989 by the Chiranjiv Charitable Trust, an organisation devoted to the cause of education. Over the last 35 years, SAA has established itself as one of the top architectural institutes in the Indian subcontinent with renowned architects and engineers from National and International practices.

SAA known for international collaborations with institutions and professionals: highly successful global Alumni who have worked on prestigious global projects; and an emphasis on professional skills, liberal thinking and ethical values; has a long standing tradition of using new design pedagogy and emerging technologies.

Every year we celebrate the centenary birth anniversary of our beloved founder and Dean Professor M.M. Rana on 1st September.

School of Art & Architecture, Sushant University has been Awarded by GHRDC for Three Consecutive Years as:

**1st Rank** in the category of Super Excellence

**1st Rank** in the Northern Region

**1st Rank** in the State of Haryana

Awarded Best Private Architecture Institute consecutively in 2022, 2023 and 2024 as Rank No. 1 in North India by

**Col. Virendra Kumar Malik**  
Professor and Dean

## DEAN'S MESSAGE

Architects learn and get stimulated by new ideas to think and create new projects with spaces that have design elements that are efficient, strong, stable, durable, and economical. These elements merge with mechanical properties to create a fundamental understanding of our built environment. The need of the hour is to direct the education by encouraging analytical thinking, understanding of structural principles, and unconventional studio interactions. PPBL ie. problem and project based learning are highly encouraged in our studios.

**SAA is an internationally reputed academic knowledge hub, exploring frontiers of research, focused on innovation and social development for our future ready architects, planners, and designers.**

Our greatest strength is our global connect, a networked system for co-creating substantial knowledge systems. Positioning ourselves as a resource centre in the region, our expansive library and online database management establishes us as one of the best curators of modern Indian Architecture.

**Dr. Suruchi Modi**  
Professor and Head  
Department of Architecture

**Dr. Tejwant Singh Brar**  
Professor and Head  
Department of Planning,  
Art & Research

## NOTE FROM THE HOD

The Department of Architecture offers a 5-year cutting-edge Bachelor of Architecture programme alongside a distinguished 2-year Master of Architecture programme in Urban Design. We strive to prepare architects who are not only skilled but also socially conscious, confident, and ethically driven.

**Our curriculum combines rigorous academic inquiry with hands-on experiences where students are immersed in real-world challenges, working with communities and embracing the responsibility of shaping spaces that impact lives. Guided by a faculty of accomplished architects and thought leaders, they gain the tools to not only master design but to pioneer it.**

It is a profound transformation that carries one into the depths of creativity and the heights of possibility. To every student embarking on this extraordinary journey, know that you are entering a path of self-discovery, to understand your strengths, refine your voice, and define your purpose in contributing to the world.

## NOTE FROM THE HOD

Department of Planning Art & Research (DOPAR), is dedicated to shaping the future of Physical Planning, Fine Arts, and Research through a commitment to excellence in education, research, and practice.

**With an interdisciplinary learning environment, we equip our students to become socially conscious professionals capable of transforming the built environment and public spaces to generate a positive social environment. Our programs are designed to instill not only technical knowledge but also critical thinking, innovation, and ethical integrity.**

We believe in the power of knowledge to drive positive change through innovation and research. In light of the NEP-2020 and global pandemic, we have seized the opportunity to innovate and enhance our educational practices, utilizing digital technologies to broaden our reach and impact.

## BACHELOR OF ARCHITECTURE (B.Arch)
