SHARDA
GROUP

29+ years
of illustrious legacy

Founded in **1995,**

The Sharda Group is a multi-million-dollar conglomerate driven by a vision to create a transformative impact on society through its diverse and dynamic business operations. Over the years, the Group has emerged as a trailblazer across industries, establishing its presence in education, healthcare, information technology, startups, engineering equipment, construction, biotechnology, hospitality, and skill development.

Today, the Sharda Group directly impacts the lives of over 15 million people in India and Uzbekistan. This influence is set to grow exponentially, as the Group actively explores opportunities to expand its footprint into other CIS countries and Africa, striving to bring its vision of transformation to more regions around the globe.

With five campuses and 40 offices spread across 300 acres, Sharda Group is proud to shape the dreams of 26000+ students from 95+countries. A journey that started with establishing North India's first engineering colleges in Agra & Mathura took a bigger shape when the Sharda University campuses in Greater Noida, Agra and Andijan, Uzbekistan were set up.

WELCOME TO SHARDA UNIVERSITY AGRA

Agra for the world means the city of Taj Mahal but for Indians, Agra holds significant importance in Hindu mythology and religious traditions. While Mathura is associated with Lord Krishna's birth, Agra and its surrounding areas are also part of the Braj region where Lord Krishna spent his childhood. Agra has been a beacon of learning and knowledge dissemination for centuries. The city's educational journey witnessed a transformative phase in the last two centuries with the establishment of notable institutions. Agra College, founded in 1823, and St. John's College, founded in 1850, have been instrumental in shaping Agra's educational landscape. These institutions provided quality education and fostered intellectual growth making Agra a hub for academic excellence in the region.

The founders of Sharda Group, with their deep-rooted connection to Agra, embarked on a mission in 1996 to rejuvenate the city's reputation as a centre of educational excellence. Through the establishment of high-quality institutions in Agra and Mathura, they have successfully created new centres of excellence in education, research and training. In 2009, Sharda University was established in Greater Noida, offering 135+ globally recognised programmes. Going global, Sharda Group established the first offshore campus of Sharda University in Uzbekistan in the Andijan region in 2019. Carrying forward the rich legacy of world-class education, Sharda Group has now established Sharda University Agra which has been approved by the State Govt. through an Act of the State Legislature of Uttar Pradesh (12 of 2019). Sharda University Agra is envisioned to make Agra the global hot spot for learning, research, innovation and entrepreneurship.

It takes a VISION to change the game.
